

Mehmet Berk Güneş

Lecturer | Commercial Pilot | PhD Student

Istanbul, Türkiye | mehmetberkgunes@topkapi.edu.tr | [ORCID: 0009-0003-3327-055X](https://orcid.org/0009-0003-3327-055X) | YÖKSİS Researcher ID: 435329

PROFESSIONAL PROFILE

Aviation-focused academic and commercial pilot with a background in pilotage, aviation management, flight training, and vocational aviation education. Current work focuses on aviation human factors, flight safety, aerodynamics, gas turbine engines, avionics, air cargo and dangerous goods, and aviation training systems. Research interests include Reduced Crew Operations (RCO), Single Pilot Operations (SPO), automation trust, pilot workload, aviation safety, and curriculum development in aviation education.

ACADEMIC POSITIONS

Istanbul Topkapı University, Plato Vocational School - Aircraft Technology Program

Lecturer, Nov 2025 - Present

- Delivering aviation-related courses in aircraft technology and operational aviation subjects.
- Contributing to aviation education, course preparation, assessment, and student development in the aircraft technology program.

EDUCATION

Institution	Program / Notes	Period
Yıldız Technical University	PhD, Curriculum and Instruction / Educational Programs and Instruction	Sep 2025 - Present
Ankara University	Art History Program	Oct 2025 - Present
Bahçeşehir University	M.A., Aviation Management - GPA: 2.86; graduated May 2026	2023 - 2026
İstanbul University	Civil Aviation Transportation Management	2023 - 2025
Anadolu University	Aviation Management	2020 - 2024
Bahçeşehir University	B.Sc., Pilotage - GPA: 3.91; University Third, Faculty and Department First; High Honor Degree	2019 - 2023
Atlantic Flight Academy	Flight training - Total Flight Hours: 225.20; ATPL Theoretical Exams Average: 99; AUPRT	2021 - 2023
Altınıyıldız Science High School	Science high school education; project competition participation	2015 - 2019

TEACHING EXPERIENCE

Academic Year	Course Title	Language	Hours
2025-2026	Türbinli Motorlar	Turkish	3
2025-2026	Uçak Aerodinamiği Yapı ve Sistemleri 2	Turkish	3
2024-2025	Havacılıkta İnsan Faktörleri	Turkish	2
2024-2025	Aviyonik Sistemler	Turkish	3
2024-2025	Hava Kargo ve Tehlikeli Maddeler	Turkish	2
2024-2025	Uçak Aerodinamiği Yapı ve Sistemleri 1	Turkish	3

LICENCES, FLIGHT TRAINING AND LANGUAGE

- **Commercial Pilot Licence** - SEP, SE/IR, MEP, ME/IR; Directorate General of Civil Aviation, 2023
- **Flight Training** - Atlantic Flight Academy, 2021 - 2023; Total Flight Hours: 225.20; ATPL Theoretical Exams Average: 99; AUPRT
- **IELTS Academic** - Overall 6.0; Reading 6.5, Listening 6.5, Speaking 6.0, Writing 5.5
- **ICAO English Language Proficiency** - Level 4, AEC Language Schools

ACADEMIC WORK AND RESEARCH INTERESTS

- **Master's thesis:** Framing the Future of Flight: Perceptions of Reduced Crew Operations (RCO/SPO) in the Commercial Aviation Sector.
- **Research interests:** aviation human factors, flight safety, Reduced Crew Operations, Single Pilot Operations, pilot workload, automation trust, SHY-147 / EASA Part-147 education systems, curriculum development and program evaluation.
- **Planned / ongoing academic topics:** student perspectives on SHY-147 / EASA Part-147 training systems; artificial intelligence use among aviation students; aviation education quality and safety culture.

CERTIFICATES AND PROFESSIONAL DEVELOPMENT

- Training Course for Theoretical Knowledge Instruction - Bahçeşehir University OEO
- Next-Generation Communication Management - BAUGO
- Leadership and Effective Management - BAUGO
- Bayer Project Competition - Bayer, 2018
- High Honor Degree - Bahçeşehir University and Anadolu University

SKILLS AND INTERESTS

Category	Details
Skills	Teamwork; leadership; problem solving; time management; academic writing; aviation instruction; assessment design.
Interests	Learning new things; cultural interests; football and physical activities.
